to **FIX** Michigan's broken
CAR INSURANCE system
& **LOWER RATES**

For the first time in decades, drivers will have **CHOICES** on their insurance coverage. Michigan is the only state where drivers are forced to buy unlimited coverage they don't want and don't need.

GUARANTEES LOWER RATES for Michigan drivers no matter what coverage they choose. Based on their choices, drivers can save up to 50 percent on their rates every year.

STOPS PRICE GOUGING for medical services related to car accident victims. A new fee schedule will lower health care costs and protect patients from being overcharged on their medical bills.

FIGHTS FRAUD AND ABUSE by cracking down on fraudulent claims and frivolous lawsuits, which will drive down car insurance costs for all motorists.

STATE REPRESENTATIVE

JULIE CALLEY

**Delivering a real fix to Michigan's
broken no-fault car insurance system**

Lowering the cost of car insurance is a big win for the people of Michigan!

The Legislature has approved a historic bipartisan solution to reform our state's broken no-fault car insurance system.

The new law is a big win for the hard-working people of Michigan who have been forced to wait decades for state government leaders to step up and act. This solution will provide meaningful rate relief that drivers will see and feel.

For far too long, Michigan drivers have been fed up with paying the highest costs in the entire nation for car insurance. I listened and made it my Number One priority.

I kept my word and followed through to fix this rigged system, and deliver relief for families, seniors and household budgets all over Michigan.
