Dear Neighbor,

As your state representative, I am working hard to improve the lives of all Michigan residents.

This update provides information about what is being done to help seniors, including efforts to improve services and protect your wallet.

Your thoughts and concerns are important to me, so please do not hesitate to contact my office if you need help or have any questions.

Sincerely,

JULIE CALLEY
YOUR State Representative

FOCUSED on your peace of mind

Lowering car insurance rates
I have been committed to delivering a real solution that lowers insurance rates for our seniors while maintaining crucial protections for all drivers. Michigan residents shouldn’t be paying the highest car insurance rates in the nation. I voted for legislation to reform the broken no-fault system that gives drivers a choice of coverage. (Public Act 21 of 2019)

Increasing personal safety
I co-sponsored legislation to classify assaulting or restraining an elder or vulnerable adult as a new crime. Under current Michigan law, there are not specific protections for elderly citizens who are victims of abuse and neglect. As the older population of our state continues to increase, it is important that these crimes are defined in law. (House Bills 4254-58 and 4265)

Increasing financial protection
I co-sponsored legislation to make it a crime to embezzle from an older adult. In addition, new penalties would be established. These bills are a part of a larger package to insert protections for vulnerable adults and elderly that are not currently in Michigan law. (House Bills 4259-60)

Protecting your personal information
I’m working to protect your personal privacy and information by requiring companies to immediately disclose when their customers’ identity information has been compromised. This important step will help keep people’s hard-earned money safe and secure. (House Bills 4186-87)
