Dear Neighbor:

It’s my honor to serve as your state representative. That’s why I’m focused on the issues that matter most to you and your family—protecting your paycheck, improving your quality of life, and making government more effective and accountable.

I’m committed to serving you and I’m proud to have your back.

This summary provides updates about the work we’ve done and continue to do for you and your family. We’ve made a lot of strides, but we aren’t done yet.

I’m here to listen to your concerns and deliver positive results. Please feel free to contact me at any time so we can work together to build a better Michigan.

Sincerely,

JULIE CALLEY
YOUR State Representative

WHEN IT COMES TO...

- MAKING CAR INSURANCE MORE AFFORDABLE
- FIXING ROADS WITHOUT A 45-CENT GAS TAX
- INCREASING FUNDING TO LOCAL SCHOOLS
- HELPING PEOPLE KEEP MORE OF THEIR PAYCHECK

STATE REPRESENTATIVE
JULIE CALLEY
has your back.
Rep. Calley delivers guaranteed rate relief for Michigan drivers

For decades, drivers have been saddled by high car insurance premiums washing away their hard-earned savings – only to be continuously overlooked in the blind spot of their elected officials.

Fortunately, this dismal reality is coming to an end because I cast my vote in support of a historic, bipartisan solution to deliver guaranteed rate relief for every Michigan driver.

Beginning July 1, 2020, drivers will be free from expensive mandates and be able to choose an amount of coverage that best meets their financial needs. The new law also reins in out-of-control medical costs for car accident victims and brings down the hammer on rampant fraud and abuse – further lowering costs for every Michigan driver.

Rep. Calley stands strong against the governor’s tax increases

While the governor has spent months advocating for significant gas tax increases, I have worked to prioritize spending and find ways to fund road repairs at record levels without any tax increase at all.

We have shown we can do what needs to be done for Michigan without asking hard-working taxpayers for more of their paychecks.

Whether it’s the governor’s 45-cent per gallon plan or her administration’s plea for an additional 80-cents per gallon, I will stand strong for Michigan taxpayers – I’ve got your back.

Rep. Calley votes for responsible criminal justice reforms

Protecting civil liberties:

After passing civil asset forfeiture reforms, law enforcement agencies can no longer keep personal property from citizens who aren’t charged with a crime. This legislation protects Michigan residents while still allowing law enforcement to crack down on convicted criminals.

Reducing our prison populations:

I co-sponsored a bipartisan plan to end the antiquated policy of treating all 17-year-olds as adults in the criminal justice system. Trying 17-year-olds in juvenile court will allow troubled teens to receive the age-appropriate services they need, making them less likely to become repeat offenders.

More job opportunities for reformed citizens:

I support a plan to expand Michigan’s expungement laws and give hundreds of thousands of residents with old, low-level convictions a new opportunity to start fresh. A steady, good-paying job is one of the best ways to ensure people lead productive, crime-free lives.

Rep. Calley votes to make elected officials more accountable to the people

People are fed up with Michigan’s inadequate ethics laws. We live in one of two states that exempt the governor and Legislature from open records laws – making our state dead last when it comes to transparency.

Michigan families deserve a state government that is more effective, efficient and accountable – and I’ve got your back. I voted for a bipartisan plan to subject the governor’s office to the Freedom of Information Act (FOIA), and hold state representatives and senators to the same high standard through the Legislative Open Records Act (LORA).

Rep. Calley secures record funding for our schools

I voted for a bipartisan plan to approve record funding for every single student in Michigan – the largest annual per-student increase in 15 years. This funding prioritizes skilled trades opportunities and early literacy education to help students learn to read.

Rep. Calley supports record road funding – without a tax increase

I supported a budget plan this year to provide a record amount to fix Michigan roads and bridges. Even more funding would have gone toward our roads without raising taxes, but the governor vetoed $375 million in additional funding for road repairs. The governor’s vetoes also halted several important bridge repair projects in Michigan.

Road repairs are needed to improve safety and keep our economy moving in the right direction. I remain committed to finding affordable and responsible solutions for road repair.
